UNITE AND FIGHT

COVID-19 Response Team /// Powered by the U.S. Air Force

<https://www.afwerx.af.mil/coronavirus.html>

COVID-19 Task Force

Powered by the Department of Defense

In a time of unprecedented change and disruption, the Department of the Defense has established the [Joint Acquisition Task Force \(JATF\)](#) for COVID-19 initiative to assess and rapidly respond to challenges presented by this pandemic.

To kick off the effort, we are collecting information from both government and non-government personnel who are interested in getting involved. All resources and solutions are welcome from industry, academia, Department of Defense personnel, venture capital firms, individual contributors and more.

Join the Fight

[REQUEST FOR INFORMATION - NON-GOVERNMENT](#)

[VOLUNTEER FORM - GOVERNMENT](#)

Your submission will help us assess opportunities, strategize our response, coordinate solutions, and provide you further information on ways to get involved.

We're grouping submissions based off the following categories so we can quickly match solutions with needs:

- 1.** Combating the Spread (predictive analytics, next hotspot, threat to current activities, decision support, etc.)
- 2.** Welfare of citizens (effects to transportation, movement of people and goods, education and development, physical training, regular HR functions, job transition, etc.)
- 3.** Readiness (continuing operations through the outbreak, coordinating with allies and partners, continuing long term projects, etc.)
- 4.** Logistics (security and protection, supply chain protection and assessment, etc.)
- 5.** Industrial base impacts (small businesses, payments, contracts, large system programs, protection and expansion of critical assets, etc.)
- 6.** Medical (telehealth, medical capacity and sustainment, medical supplies and equipment, etc.)

[Review specific urgent needs for the medical category here.](#)

- 7.** Other

Next Steps:

We have a Joint team - the COVID-19 Operational Planning Team (OPT) - combing through RFI responses to match solutions to Department needs.

A member of that team will reach out to you directly with requests for clarifications and next steps (no need to respond requesting updates)

Friday mass updates from our team to let you know if we have not yet found a match for your solution

MISSION FOCUS AREAS

- I. ***Combating the Spread*** (predictive analytics, next hotspot, threat to current activities, decision support, etc.)
- II. ***Welfare of Citizens*** (effects to transportation, movement of people and goods, education and development, physical training, regular HR functions, job transition, etc.)
- III. ***Readiness*** (continuing operations through the outbreak, coordinating with allies and partners, continuing long term projects, etc.)
- IV. ***Logistics*** (security and protection, supply chain protection and assessment, etc.)
- V. ***Industrial Base Impacts*** (impacts on small businesses, payments, contracts, large system programs, protection and expansion of critical assets, etc.)
- VI. ***Medical*** (telehealth, medical capacity and sustainment, medical supplies and equipment, etc.)
- VII. ***Other*** - Any solution/proposal that is not covered by the above topic areas but support the national response to the COVID-19 pandemic

Additional details, and specific requirements established within these Mission Focus Areas will be published separately, within an AoI, by the COVID-19 DAF ACT acquisition teams. All AoIs will be posted as amendments to this solicitation on the Government Point of Entry (GPE): <https://beta.sam.gov/>

Note: In the event of any ambiguities between any information posted on the GPE website, the AFWERX COVID19 website (<https://www.afwerx.af.mil/coronavirus.html>), or other web or social media posting relating to this CSO, the information on the GPE website will be controlling.
